**PROOF OF REFUSAL OF INVENTOR
TO SIGN - MPEP §409.03(d) and
37 CFR §1.47(a)**

I, Rein Strijker, state as follows:

(2) On December 23, 1993, I wrote a letter to Dr. Krimpenfort, attaching a copy of the application and a declaration for signature by Dr. Krimpenfort. The letter was mailed to Dr. Krimpenfort's home address of Crayenestersingel 5; 2101 AN Heemstede, The Netherlands. The letter explained that Dr. Krimpenfort had been named an inventor of the application and

requested that he sign and return the declaration. A copy of this letter is attached as Exhibit A.

(3) On January 17, 1994, I received a letter from Dr. Krimpenfort stating that he refused to sign the declaration. The letter states that Dr. Krimpenfort's reason for not signing the declaration was that he did not consider himself to be an inventor anymore. A copy of this letter, together with an English translation thereof, is attached as Exhibit B.

(4) On February 10, 1994, I wrote a letter (attached as Exhibit C) to Dr. Krimpenfort at the same address as under (2), asking him to reconsider his position. I have not received a reply.

(5) For the foregoing reasons, it is believed that sufficient basis has been established for filing this application absent Dr. Krimpenfort's signature. The petition under 37 CFR §1.47(a) is therefore respectfully requested to be granted.

(6) I further state that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title XVIII of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
